PROFILE SUMMARY

As a passionate and highly motivated MERN stack developer, I possess a solid foundation in JavaScript, HTML, CSS, React, Node.js, Express, and MongoDB. I have hands-on experience in building and deploying dynamic, responsive web applications using modern frameworks and tools. Eager to contribute to innovative projects, I am skilled in creating intuitive front-end interfaces and scalable back-end architectures. I am committed to continuous learning, problem-solving, and staying updated with the latest web development trends. With a strong understanding of RESTful APIs and version control systems like Git, I am ready to collaborate effectively in a team environment. Seeking an opportunity to leverage my technical skills and grow in a fast-paced development setting.

EDUCATION

2021-24

TSWRDC(w)kamareddy(B.sc mpcs)

- CGPA:-8.26
